

Dayton Police Department

1/22/2026

The Dayton Police Department enforces **state and local laws only**. The department has always maintained open lines of communication with local, state, and federal law enforcement partners. If our department is contacted, the Chief of Police will determine what level of involvement, if any, is appropriate for the Dayton Police Department. The department does not provide or give access to any records, surveillance data or surveillance support for immigration enforcement purposes.

If you believe a DHS employee has acted improperly, complaints can be submitted directly to the DHS Office of Inspector General (OIG). You may file a report online through the [DHS OIG hotline complaint form](#).

The Dayton Police Department is dedicated to serving our community with professionalism, dignity, and respect, ensuring public safety while upholding the trust of all residents.

If you have any additional questions, please feel free to contact me.

Sincerely,

Chief Paul Enga
